*Rescue dogs require time, effort and patience. We can only give you the information we know based on what we observe while the animal is in our care. We do not guarantee age, breed, background, temperament or behaviour of the dogs we adopt out, but we will always fully inform you of anything we know about the dog you are interested in.

*Klassic Kennels reserves the right to not adopt out a dog to any person, for any reason.

*Dog adoptions will happen based on the first approved home that is willing to take the dog, unless a specific circumstance necessitates us holding the dog. In instances such as that, a timeline must be discussed and agreed upon by both the potential adopter, and the kennel staff, in order for us to hold the dog.

*All individuals who live in the home must come to meet the dog. We also require that any other dogs who already lives in the home be present to be introduced to the dog you are interested in, with no exceptions given.

*By filling out this application, you are expressing serious interest in the dog you listed at the top. We will assume that upon approval, barring unforeseen circumstances, you will begin the adoption process.
